=====

Gentlemen:

I beg herewith to ask whether your esteemed Society would be kind enough as to let me have a list of its members with their exact address in order to enable me to submit to them offers for ancient Italian coins, of which I have always a large deposit. I am dealer of coins and consequently I am continually purchasing and selling of same and I am publishing also some catalogues.

I beg to express in advance my best thanks and  
am Gentlemen,

most respectfully yours

Dear Sir:

In reply to your letter of September 6th,  
our rules do not permit our supplying the names and  
addresses of our members for which you ask, but if  
you care to send us half a dozen copies of your cata-  
logue, I will endeavour to see that they reach the  
hands of members who may be interested.

Very truly yours,

-  
Secretary
